## PRICES ARE DOWN

Read this catalog carefully please and notice how prices have been reduced. See how many trees and plants can be purchased for a little money.

See how the prices on EVERGREEN TREES, SHRUBS, FRUIT TREES, etc., have been reduced.

And read what we have to say about buying EVERGREEN TREES by size on this page.

## LOCATION OF NURSERIES

One mile from the "Square" at Exeter, on High Street, the Hampton road, -the main highway from Manchester to the beach. Six miles from Hampton and the Lafayette Highway (running from Boston to Portland, via Newburyport and Portsmouth). 32 miles from Manchester, 14 miles from Portsmouth, 10 miles from Amesbury, 18 miles from Haverhill, and 20 miles from Dover.

## CASH DISCOUNT

When cash in full accompanies order, a $10 \%$ discount may be taken on Spring orders received before March 26, and a $5 \%$ discount on orders received before April 9.
$\mathbf{2 5 \%}$ of the amount should accompany all orders, the balance to be sent at shipping time, otherwise shipment will be $C$. $O$. D.

Prices quoted are for stock at the nurseries or delivered to our railroad station. There is no charge for packing.
We are always ready and willing to correct errors on our part, but we are at no time responsible for any amount greater than the original sales price. All claims for damage in transit must be made to the transportation company. Our responsibility ceases on delivery to the carrier.
We book all orders with the understanding that same shall be void should injury befall stock from fire, error in count, or other causes beyond our control.

## TIME OF PLANTING

All stock listed in this catalog may be transplanted in the Spring. Peonies, Irises, and Evergreens may also be transplanted in August or later.
Perennials and pot-grown strawberry plants may also be moved in September or later.
Apple Trees, Small Fruits, Grape-Vines, and most varieties of Shade Trees, Shrubs, and Vines may also be transplanted in October or November.

The following

## CERTIFICATE OF INSPECTION

Will accompany all shipments made from our Nurseries:STATE OF NEW HAMPSHIRE

Department of Agriculture
Division of Nursery Inspection
This certifies that inspection of the nursery of Granite State Nurseries, Inc., at Exeter, N. H., was completed. . . . . . . . . . . . . The attached stock was included within the above inspection and is apparently free from dangerous insects or diseases.
(Signed) W. C. O'KANE,
State Nursery Inspector.

## SUNDAYS

We do not make a practice of filling orders on Sunday. As an accommodation, however, we are glad to get up orders on Saturday which may, by arrangement, be called for on Sunday. Our hours of business are: Week days, 7 A. M. to 5 P. M. Standard Time (not Daylight Saving). Visitors are always welcome.
We want our customers to know how much we appreciate the opportunity to serve them. We are grateful for the continued patronage of our old friends and we welcome the chance to make new friends. To please our customers, both with the quality of our goods and our service, is our constant endeavor. Should anything which we send you fail to be satisfactory on its arrival, please advise us at once so that we may have the opportunity of making it satisfactory at that time.

Remember: "When you are pleased-we are pleased."

For those of our friends who have followed with interest the smap-shots of the family which have appeared in this book we are pleased to present here a picture of Mrss. Tufts with the rhildren.

Arthur and Eleanor and the baby, Hazel Elizabeth, are seated on the settee with their Mother. while Ralph is in the foreground with the twins. Kemeth and Clarles.

## EVERGREEN TREES <br> WARNING

In Buying Evergreens
Don't Be Misled by adsertisements that give only the age of trees. You are more interested in size than age. and trees that are advertised as 3 or 4 years old are probably less than 10 inches tall. possibly not more than sor 10 inches tall.

## Buy By Size

Transplanting may be done in the spring. or in the late summer or early fall.

Except when otherwise noted, ten trees of one size and one variety for nine times the price of one tree. Fise trees for onehalf this amount. Twenty-five or more trees will be sold at the hundred rate. Prices include buriapped ball of dirt.

Prices on any sizes or varieties of evergreens not listed in this catalog will be furnished on request.
IRBORVITAE, IMERICAN. I shapely lawn tree, unqualled for hedges, shelters, or screens.

## MOTHER'S DAY

## Sunday. May 8, 1932

Why not ask us to send a flowering shrub, some gladiola bulbs, a tree. or some hardy flowering plants-such as phlox, larkspur, or the like. to Mother for Mother*s Inay? We shall be glad to attend to it.

The Fragrant Evergreen Daphne (Page O) with its succession of bloom throughout the season would be much appreriated.

## EVERY DAY IS ARBOR DAY WITH US

Our nurseries are located right here in New England within a comparatively few miles of you, and we can get stock to you in good fresh condition-making it unnecessary for you to send away off to some other part of the country for trees, plants and bulbs.

Norway Maple

Matrimony Vine. A hardy, rapid grower which is covered with brilliant crimson berries in autumn. 50 c .
Trumpet Vine. A good climber with clusters of trumpetshaped flowers. 50 c .
Wisteria, Blue. Rapid growing, woody climber with drooping clusters that should be used extensively. 75c.
Wisteria, White. A rare variety of above; similar except the flowers are pure white. 75 c .
Woodbine or Virginia Creeper. Sometimes called American Ivy. Well-known rapid growing climber. Foliage large, deep green, taking on vivid color in the fall. $40 \mathrm{c} ; 5$ for $\$ 1.75 ; 25$ for $\$ 7.50$.

## ROSES

For a number of years, we have been offoring mainly Hybrid Perpetual roses, on account of their greater hardiness. Because of their shorter blooming period, however, we have removed some of these from our list and are offering more Hybrid Teas. While the latter are not quite as hardy, we feel that as they bloom over such a longer period each summer they are worth rumning what little additional risk there is of winter injury. If our customers will take a little more care in protecting the bushes each fall by mounding the soil at least a foot high around each phant and putting on manure, straw, or evergreen boughs as extra protection, we feel sure they will get much more satisfaction. The bushes we offer below are strictly No. 1, 2 yr. plants which have been grown in the field, thus insuring vigor and maximum hardiness.

## HYBRID TEAS

Price 60c each. Any 5 or more 50c each. Except as noted.

Rose bushes can be sent by Parcel Post. Add of per bush.
Gruss an Teplitz. A fragrant, scarlet, free-growing rose, which is in bloom nearly all summer.
Hadley. Velvety-crimson blooms. Very good for cutting.
Harrison Yellow. Old fashioned bright yellow. Shrubby grower. Do not prune, except to remove dead canes.
J. L. Mock. Brilliant pink. Very double.

Kaiserin Auguste Victoria. Most popular white Mybrid Tea. Very double and very fragrant.
Lady Hillingdon. Blooms continuously. Beautiful apricotyellow. Probably the hardiest Tea rose.
Mme. Butterfly. Bright light pink, shaded with gold. A stearly bloomer, particularly in the fall. Quite hardy.
Mme. Caroline Testout. Large, bright rose-pink. Very fragrant and one of the hardiest.
Ophelia. Long-pointed pearl-pink and gold buds. Pearly-white blooms which are produced in profusion.
PRESIDENT HERBERT HOOVER. A striking new variety with a most unusual color combination of maroon, orange, and gold. Long pointed buds, good stems, and continuous bloomer. Every rose-lover will want at least one, if not two or three plants of this variety. $\$ 1.25$ each ; 3 for $\$ 3.00$; $\$ 9.00$ for 10.
Radiance, Pink. Produces abundance of brilliant rose-pink blooms of great fragrance and excellent form. Very popular and quite hardy.
Radiance. Red. Same good habits, blooming qualities, healthy foliage, and delightful fragrance as Pink Radiance, but brilliant cerise-red.

President Hoover
Souvenir de Clandius Pernet. Striking sun-flower yellow with large, glossy foliage. Quite hardy.
Talisman. A truly beautiful combination of brilliant orangered buds and glowing yellow and copper shades in the blooms suffused with copper-red and orange rose shades. Especially good in spring and fall and surprisingly hardy. $\$ 1.00$ each; 3 for $\$ 2.75 ; \$ 8.00$ per 10 .

## HYBRID PERPETUAL ROSES

The leading variety in each color. 2 yr. No. 1 Field grown plants. Prices same as Hybrid Teas.
Frau Karl Druschki or White American Beauty. The very best white. A great bloomer, fine for cutting and will grow anywhere.
General Jacqueminot. Bright crimson. Known as the Jack Rose. Rich velvety, a truly wonderful variety. Like Frau Karl Druschki, needs careful pruning and thinning.
Mrs. John Laing. Soft pink. One of the very best hardy roses that was ever grown. A great bloomer.
Paul Neyron. Bright pink. A hardy, healthy variety which generally blooms again in the fall. Almost thornless. Produces very large flowers.

## HARIM REGOSI ROSES

A hardy type which has a long blooming season, followed by the ormamental large red fruits. Curiously wrinkled foliage. Very spiny. Will grow almost anywhere.
F. J. Grootendorst. Bright red chnsters of flowers, which are produced throughout the season. Ideal for hedges or massed phanting. 2 vr. No. 1. GOc each: $\$ 5.00$ per 10.
Hansa. Inark purple red. Espectally hardy. 2 vr. No. 1, 60e each: \$5.00 per 10.
Sir Thomas Lipton. I'roduces large, double, white blooms all season. 2 yr No. 1, foc each $\$ \mathbf{\$ 5} .00$ per 10.
Rosa Rugosa White. Large single blooms. Same price as Red. Rosa Rugosa Red. Identical with white. except in color. 2 vr. No. 1, 50c each: $\$ 4.50$ per 10.

## A NEW YELLOW ROSE

Itugonis Rose. Golden Rose of China. The best single flowered rose and one of the best shrubs for general garden nse. Fragrant yellow flowers $21 / 2$ in. across, forming continnous bands of color on long gracefully arching canes. Blooms vory early and is perfectly hardy.
Choice 2 yr. bushes, 60c each: 5 or more, 50c each.
Roses can be sent by Parcel Post. Add be per bush.

## HARDY CLIMBING OR RAMBLER ROSES

These prices are for $2, y r$. No. 1 field-grown plants. Do not confuse them with "seconds" or "thirds" sold at less prices.

2 yr plants, 50c each. $\$ 4.50$ for any 10 (except as noted). Add 5e per bush if to be shipped by Pareel Post.
American Pillar. Great chusters of single pink flowers with a white eve. Vigorous grower.
Climbing American Beanty. An musually hardy variety. suited for northern exposures in any locality. Beantiful rosy crimson flowers on sparate stems, suitable for cutting. Has very good foliage and is a very satisfactory variety. Not a vigorons elimber.
Dorothy Perkins. Beautiful, large clusters of clear, shell-pink flowers. Thrifty and rapid grower, smitable, like Excelsa, for growing on trellises, pillars, posts, walls, or the like.
Dr. Van Fleet. By vote of the members of the American Rose Society, acclaimed the Rest Climbing Rose. Beautiful big clusters of pink flowers. Vigorous grower. Glossy, healthy. dark green foliage.
Excelsa. The rery best double red rambler. A decided improvement on Crimson Rambler, bearing fully as many flowers and retaining its folinge in a much healthior condition. Produces an abundance of large, double flowers. Vigorous grower.

Gardenia. Covered with rich yellow buds which open to creamy white. Vigorous grower with excellent foliage.
Mary Wallace. Vigorous, rapid grower. Long-stemmed pink blossoms, good for cutting.
Paul's Scarlet Climber. The most vivid of all the climbers. This is a new variety and it is fast becoming the most popular on account of its wonderfully brilliant color. Has good, healthy foliage, is a vigorous grower, and produces an abundance of scarlet flower clusters. You will make no mistake if you plant this variety.
PRIMROSE. YELLOW. A new variety acclaimed as the most satisfactory yellow climbing rose for the North. $85 \mathrm{c} ; 3$ for $\$ 2.25$.
White Dorothy Perkins. The best white climber. Similar in all respects to the Pink Dorothy Perkins except in color. Equally desirable in every way.
Wichuraiana. A trailing variety which is almost evergreen and which makes a good ground-cover. Glossy leaves and clusters of pure white flowers.

## POLYANTHA OR BABY ROSES

A charming class of roses, seldom growing over 15-18 inches high, and producing an abundance of clusters of small, perfectly formed flowers all summer long, until cold weather.
Very useful and attractive in beds or borders and fine for cutting. Very hardy.

2 yr. No. 1 bushes, 60c each. Any 5 or more, 50c each. Add 5 c per bush if to be shipped by Parcel Post.
Ellen Poulsen. Brilliant rose-pink. Very free flowering. Vigorous grower.
Erna Teschendorff. Bright red. Very popular.
Ideal. High clusters of small dark red flowers. Best dark red.
Katharina Zeimet. Large clusters of small, full, double, white flowers.
La Marne. Bright salmon rose.
Miss Edith CavelI. A profusion of brilliant crimson flowers with white center. Borne in great abundance.
Orleans. Bright geranium red. Bushy plants covered with blossoms all season. Very popular.

Primrose Climber

## CHOICE PEONIES

Everybody loves peonies. They are perfectly hardy and require no special care or protection. Use a little lime on the soil before planting, if convenient, to make sure it is sweet. Fertilize with wood ashes and sheep manure in the spring, and with bone meal after flowering, or work 1 pint ( 1 ll.$)$ of Vigoro around each plant when buds appear. See page 35.

On the basis of ten points as a perfect score, the American Peony Society, rates all our varieties, except one, at over seven points, and most of them over eight points.

September is the best month for transplanting, but plants may also be moved with good results in the spring, if moved early.

Our plants are strong three to five eye divisions.
For Parcel Post add 5c for each root; 4c each when six or more are ordered.

Special Offer No. 1-Three plants, one red, one pink, one white (our selection) for $\$ 1.00$, post paid.

Special Offer No. 2-Any 3 50c varieties post paid for $\$ 1.25$.

Early April and late summer shipment.

Madame Lebon. Cherry pink. Large, full blooms. 50c.
Mlle. Leonie Calot. Salmon pink, shading to flesh. Great bloomer. 50c.
Albert Crousse. Large, shell pink, vigorous. 50c.

## GLADIOLAS

Any good garden soil will raise good "Glads" if you plant good bulbs. Set the bulbs stem-end up, from three to five inches apart and four to six inches deep, covering them gradually as the tops come up through the soil (as in planting asparagus roots). Deep planting prevents the flowers from falling over and makes staking unnecessary. At least fifty days are required from planting to blooming. For a succession of blooms, do not plant all bulbs at one time.

Experiments at Cornell show that best results are secured with gladiolas when the bulbs are procured not very far away-which is another good reason why you may well get your bulbs from us, here in the heart of New England.

In cutting blooms use a sharp knife and leave at least two or three leaves on the plant.

When the leaves turn brown in the fall, lift the bulbs. dry them in the sun, and after removing the old shricelled bulb, store in a cool dry place where they cannot freeze.

The following varieties are some of the most beautiful. They will delight the eye and gladden the heart of any flow-er-lover.-Please Order Early.

For a ready-mixed assortment, we especially recommend the following:
Exonian Mixture. A good assortment of beautiful varieties. 25 c per doz. : 50 bulbs for $75 \mathrm{c} ; \$ 1.00$ per 100.
Good-As-Grow Mixture. A very good selection of varieties. Smaller bulbs than Exonian Mixture, but guaranteed to bloom. 50 bulbs for $50 c ; 100$ bulbs for 75 c .
On all bulb orders amounting to $\$ 1.00$ we pay the postage.
(Excepting C. O. D. shipments.)
Otherwise add 5c for each 12 bulbs.
Six bulbs of one variety for one-half the dozen price.
Small but flowering size, bulbs at $1 / 2$ the price of full-size bulbs.

Dwarf Phlox. See under hardy perennials.

## BEARDED IRISES

Commonly, though erroneously, called German Iris. These May-flowering, vigorous-growing plants thrive in welldrained, sunny spots. See them in bloom and you will know at once why they are increasing in popularity each year. In planting, barely cover the roots, and mulch the first Fall to prevent heaving.

Iris may be transplanted in the Spring, in the Summer or in the Fall-in short almost any time when the ground is not frozen.

Our stock of Iris is large, and a visit to our nurseries at blossoming time will well repay any who like to see them in bloom. We shall be pleased to have you call.

## SPECIAL OFFERS BEARDED IRISES

20c varieties, 3 of one variety $\$ .50 ; 6$ for $\$ .90 ; \$ 1.50$ for 12 35 c varieties, 3 of one variety $\$ 1.00 ; 6$ for $\$ 1.75 ; \$ 3.00$ for 12 50 c varieties, 3 of one variety $\$ 1.25: 6$ for $\$ 2.25 ; \$ 4.00$ for 12

## DWARF APPLE TREES

3-4 ft. Toce each; 3 or more. 60c each: 10 for \$5.00. For shipment by Parcel Post, add 10c per tree.
Daldwin, Cortland. Delicious, Duchess, (irimes, Golden. McIntosh Red, Northern Spy. Red Istrachan, Wealthy.

See Page 34 for meaning of $L \mathbb{\&}$ G;

## QUINCE TREES

$4-5 \mathrm{ft}$., 75c each ; 3 or more, 60c each ; 10 for $\$ 5.00$. Champion

Orange

## GRAPE-VINES

2 Yr. Vines, 25c each; $\$ 2.00$ for 10, except as noted. 5 of one variety at the 10 rate.
On orders for 5 or more grape vines, we pay the postage except on C. O. D. shipments. For less than 5 vines, add 5 e per vine for postage.

## BLUE GRAPES

Moore's Early. One of the very best for New England.
Worden. Similar to Concord but larger, earlier, better.
Concord. Still a desirable variety and a great favorite.
Campbell's Early. Large and handsome.

## RED GRAPES

Brighton. Bunch and berry, large. Quality fine.
Delaware. Small, fine flavor, popular.
WHITE GRAPES
Niagara. Bunch and berry, large. Fine flavor.
Green Mountain. Very hardy, desirable variety. 50c each.

## RASPBERRIES

## CHIEF

$\$ 1.00$ per doz., $\$ 1.50$ for $25 \mathrm{c} ; \$ 5.00$ for $100 ; \$ 35.00$ per 1000 . 5c per dozen additional if by mail.
A new variety originated by the Minnesota Fruit Breeding Farm, originators of Latham. This variety has been under test a number of years, and it has considerably out-yielded Latham the last two years. It is a trifle smaller than Latham, but a slightly better berry and somewhat firmer. Ripens nearly a week earlier and is a good variety to prolong the season. Chief is said to be the hardiest of the desirable new varieties.

## FOLLOWING VARIETIES

75 c per doz. ; $\$ 1.25$ for $25 ; \$ 3.50$ for $100 ; \$ 30.00$ per 1000 . 5c per dozen additional if by mail.
G-Latham. A hardy productive variety of good quality which has become the leader of them all within a few years.
L-St. Regis. In a class by itself. Bright red, fine quality. Very early. With good cultivation, produces fruit from June to October. Very profitable.
L-Cuthbert. The great commercial red raspberry. Good quality. Good cropper. Vigorous grower.
L-Herbert. Next to Latham in hardiness. Large red, good quality.

## COLUMBIAN

$\$ 1.50$ per doz. ; $\$ 2.50$ for $25 ; \$ 8.00$ for 100. 5 c per dozen additional if by mail.
Columbian. Purple. A very good cropper and one of the best for preserving. This variety does not spread and so can be kept under control very easily. We have found that tip-

Raspberry, Latham
See Page 34 for meaning of $L \mathbb{\&} G$
plants are not satisfactory so are offering one-year transplants. Raspberries are easy to raise, and they sell readily. In planting raspberries set the plants 3 ft . apart in the row, and rows 5 ft . apart. Use chemical fertilizer, with possibly wood ashes, and keep well cultivated.

## BLACKBERRIES

T5e per doz. ; $\$ 1.25$ for $25 ; \$ 4.00$ for $100 ; \$ 35.00$ per 1000 . Ec per dozen additional if by mail.
L-Snyder. Very hardy, productive variety. The best.
Eldorado. Excellent quality, productive. Fairly hardy.
Set plants same as raspberies. except that it is desirable to make the rows a little further apart.

Howard 17

## STRAWBERRIES

Every garden and farm should raise a good supply for use fresh and for canning. Thes make a very wonderful sauce or preserve. Incidentally, they are a profitable crop to raise for market. In planting, choose well-prepared ground, free from witch grass, and set the plants with the crown or bud just at the surface of the ground. Set the plants 1 ft . apart, with the rows at least 3 ft . apart.

Our plants are what we call "Good-as-Grow" Brand. Order early and set as early as possible. Please specify if we may substitute, if sold out of any variety ordered.

## STANDARD VARIETIES

All perfect flowering, except Sample.
50c for 25 plants; 75 c for $50 ; \$ 1.15$ for $100: \$ 4.00$ for $500: \$ 8.00$ for 1000 .

We pay postage on lots of 500 or less except on C. O. D. shipments.
Wilson. Early. An old variety of good flavor and quality. Very popular with some of our local growers.
Howard 17. For a good all-around variety for home or market, this has no superior. Among its many good qualities are the following : Earliness, good size, color, shape. shipping qualities, drought-resistance, productiveness, disease resistance, supply of pollen and length of fruiting season.
First Quality. Mid-season. Very attractive berry, long and pointed. Sells very rapidly and is all that its name implies.
Brandywine. Late. A vigorous grower yielding high quality, large berries. An old favorite.
Pearl. Very late. Yields large, dark red, firm berries.
Prices quoted here are for Spring of 1932, for April and May shipment.
For Fall Planting, we offer

## Pot-Grown Howard 17

At $\$ 1.50$ per 25 by Parcel Post. $\$ 5.00$ per 100 by Express collect. Ready in August.

See Page 34 for meaning of $L \& G$.

## STRAWBERRY PLANTS

## EVERBEARING VARIETIES

These are very desirable for the home garden or for the man or woman who has a good local market like a summer hotel. Their novelty has worn off, they have proved themselves worthy, and have come to stay.

65e for 25 plants ; $\$ 1.00$ for $50 ; \$ 2.00$ for 100 ;
$\$ 8.00$ for $500 ; \$ 15$ for 1000 .
We Pay the Postage on lots of 500 or less except on C. O. D. shipments.

Progressive. Better quality than Mastodon. Dark Glossy red. Earliest spring berry and a good fruiter all season long. Cultivate and fertilize it well and it will pay for itself many times over.
Superb. Large, dark red. A good variety to grow in hills. Mulch well, and keep cultivated, and it will produce an abundance of big berries in the Spring and a good succession of them until freezing weather.
Mastodon. A new variety which produces a large quantity, both Spring and Fall, of big red berries. Best commercial Everbearer.

## RHUBARB ROOTS, "PIE PLANT"

15 c each ; $\$ 1.00$ for 10 . By mail, 20c each ; $\$ 1.25$ for 10.
Linnaeus. The standard large, early variety for home or market.
Rhubarb is a good spring tonic. It is easy to raise, and any surplus may be canned for winter use as sauce or for pies.

## ASPARAGUS ROOTS

Every gardener and farmer should raise his own asparagus, even if all he has is a few plants in a row alongside the vegetable garden, out of the way of the plow, but where the wheel-harrow can be run over them in early spring. Asparagus should be set only on well-prepared ground which is free from witch grass. We recommend spring planting for asparagus. Upon request we will gladly mail more complete instructions on starting an Asparagus Bed.

The best variety of all is Mary Washington. Consequently we are raising only this variety. Why not plant the best and why not let us fill your order with fresh-dug roots at reasonable prices?

1 Yr. Roots : 50c for $25 ; 75 \mathrm{c}$ for $50 ; \$ 1.50$ for $100 ; \$ 6.00$ for $500 ; \$ 10.00$ for 1000 .

By mail: 55c for 25 roots ; S5c for $50 ; \$ 1.60$ for 100 ; $\$ 6.50$ for 500 .

2 Yr. Roots : 75c for $25 ; \$ 1.00$ for $50 ; \$ 2.00$ for 100 ; $\$ 7.00$ for $500 ; \$ 12.00$ for 1000 .

By mail : 80c for $25 ; \$ 1.10$ for $50 ; \$ 2.10$ for $100 ; \$ 7.50$ for 500 .

## Meaning of $L$ and $G$ Varieties for Maine

With the idea of helping those persons who are considering planting fruit trees or small fruits in Maine, we asked the Head of the Department of Horticulture at the University to indicate those varieties which he considered suitable for Maine planting. These we have marked as follows:

G-meaning suitable for General Use.
L-meaning suitable for Limited Use.

## DISTANCES OF PLANTING

Apples, 30-40 feet.
Peaches. 16-20 feet.
Pears, 20-25 feet.
Plums, 16-20 feet.
Quinces, 10-12 feet. Grape-Vines, 8-12 feet.
Asparagus, 11⁄2 x 3 feet.
Rhubarb, $11 / 2$ feet.

Sweet Cherries, 20-25 feet.
Sour Cherries. 15-20 feet.
Blackberries, $4 \times 17$ to $6 \times 8 \mathrm{ft}$.
Red Raspberries, $3 \times 5$ feet.
Black Raspberries, 3x6 feet.
Strawberries, garden, 1-3 ft. field. 1-4 ft.
Dwarf Trees, 20 feet.

## VICORO

## A SWIFT \& COMPANY PRODUCT, ESPECIALLY PREPARED FOR LAWNS, GARDENS, FLOWERS, SHRUBBERY, TREES. CLEAN, ODORLESS EASY TO APPLY <br> Vigoro is recognized as one of the best complete, all-around fertilizers on the market. It will give good results on everything you grow. We can supply it as follows: <br> $$
\begin{array}{rrrr} 5 & \text { lb. cans } & \$ .50 & 50 \mathrm{lb} \text { b. bags } \\ \$ 3.00 \\ 25 & \text { lb. bags } & 1.75 & 100 \mathrm{lb} \text {. bags } \\ 5.00 \end{array}
$$ <br> 

For the convenience of our patrons, we are prepared to apply fertilizers on lawns, etc., with the use of a machine. Or we will rent a machine to those who prefer to use one themselves, or have their own man use it.
